

ES 50: Introduction to Electrical Eng.

Explore EE, satisfy a Gen Ed requirement & have fun

ES 50

... resistance is futile!

Lecture 18: Quiz recap

November 23, 2015

Final Project Items

Final Project Fair

- Wed Dec 9, Maxwell Dworkin Ground Floor Lobby, Time TBD but roughly 10-2 range.

Project Report

- Each team needs to write a project report detailing the engineering and design decisions that you made
- Template will be uploaded to Canvas
- Examples for last year will be uploaded to Canvas
- Due Sat Dec 12 at 9 PM on Canvas

Final Project Items

Final Project Video

As part of your ES 50 final project, each project team must make and submit a 2-5 minute video describing their project. This video should:

- Demonstrate functionality of your project
- Describe the operation and the engineering principles behind its operation
- Not have to be professional quality and can be made using cell phone cameras
- Be funny or entertaining so that we show your amazing project video to future ES 50 students!!!
- Videos will be due at Sat Dec 12 at 9 PM. Details will be coming about how to submit the videos.

Hints

- Do not prioritize making a flashy video if you still need to finish aspects of your project!!!
- Take lots of pictures and video clips while building and testing your final project
